Abstract: Under the provisions of the national Program Development and Approval Guidance implementing section 6217 of the Coastal Zone Act Reauthorization Amendments of 1990 (CZARA) which was jointly developed and published by EPA and the National Oceanic and Atmospheric Administration (NOAA), 24 coastal states and 5 coastal territories with Federally approved Coastal Zone Management Programs have developed and submitted to EPA and NOAA Coastal Nonpoint Pollution Programs. All the submitted programs have been conditionally approved by EPA and NOAA. The conditional approvals will require states and territories to submit additional information in order to obtain final program approval. Recent administrative changes mutually agreed to by states, territories, EPA and NOAA are expected to expedite the final approval process. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.
